CAMP KADIMAH ITON '81

Theme- The Everlasting Miracle

Kadimah was founded in 1944, and the traditions, and the "Great Kadimah Spirit" were founded along with the camp. Both of our parents came here as campers and we are continuing the cycle.

When one reflects on Kadimah, many feelings are evoked, not always happy or sad ones, but a feeling of fierce loyalty. Not necessarily for the Young Judea aspect, but rather for the morals and notions the camp upholds.

Whatever it may be, the camp has a personality of its own; it holds magnetism, for we all return year after year.

Although the camp has seen some hard years, both financially and spiritually, Kadimah has lasted through. Perhaps this is the "everlasting miracle".

To all campers and staff of Kadimah '81, you flowed with the miracle and subsequently, we had a great summer.

Love your editors,  
Shelly and Martin.

DEDICATION

Along with our theme, we dedicate this year's iton, Iton '81, to the old campers who have held up Kadimah's traditions, and to the new campers who doubtless and quickly learned the ropes and are ready to come back next year, already beginning the never ending cycle.

Kadimah '81, we dedicate this Iton to you!

Love,

*Shelley  
Martin*

Dear Bryan, (not Brein this time)

You know there are very few (too few) people like you in this world. You helped us when we really needed you. Your smile and reddiness to work made this Iton fun! Realy and truly, we both love you very much and naturally appreciate all that you did for us. (typing, staying up all night [one nightputting up banners])

Bryan, stay as you are-cause you're beautiful,

Shelley and Martin

Dear Joel:

We thank you for all your efforts, for your hot pot, and you're typing skills. But mostly we thank you for your moral support. We know you were always there.

Thanks,

Shelley and Martin

### Director's Message

The summer of '81 has come to pass. The memories however will live on. Many friendships were renewed, others made. After a 22 year absence from Kadimah it was most satisfying to return. The spirit that has made Kadimah/Machar the great camp that it is, is still quite prevalent.

Our season ran fairly well, however without incident. We are attracting more campers from across Canada and the United States. We were pleased to welcome five campers from London, England. The atmosphere was friendly and warm and all partook in a well run, varied programme. Who can forget our night manoeuvres, record breaking day, carnival day, overnight hikes, and the successful Fiddler On The Roof. Maccabia was fun despite the bad weather and sickness. More campers and staff got up on the waterskiis this summer and enjoyed our water-front programme. The Iton is a great one and congratulations go out to the Iton staff.

I want to thank two special people whose work on behalf of camp was invaluable. To Mark, my right hand, whose support and assistance was greatly appreciated. To Kenny, for a great job and especially the long hours spent in the city prior to camp opening. To all members of head staff, and councillors many thanks for your cooperation and fine efforts throughout the summer. A word of thanks to Steven Pink, camp chairman, committee members and parents in general for your assistance and support.

My wife and family were very well received and we all felt a certain warmth and closeness here at Kadimah/Machar. We wish one and all a safe trip home. Much success in your studies and lots of luck in your future plans.

Shalom,

Assistant Director's Message

"... it was the best of times, it was the worst of times..."

Camp Kadimah/Machar '81 has come and gone. Just a few short weeks ago all of you arrived anticipating a summer of fun and enjoyment, rekindling old friendships and creating new ones, as well as participating in days and nights of special events. As you read this Iton, memories of the camping season will flash in your mind, some happy, some sad, but nevertheless all intricately connected with Kadimah/Machar '81 and your involvement in it.

This season, like others preceding, we experienced numerous highs and lows. Maccabia, hityashfut, Carnival Day and night manoeuvres exemplify just some of our programming highlights. Unfortunately, we also remember incidents which marred an otherwise trouble-free summer. Throughout it all, good or bad, we remained strong in our resolve to keep the Kadimah spirit high.

Putting it all into perspective I feel that the summer was a positive experience. We began with almost an entirely new staff, not only to counselling but new to Kadimah as well. Both Sheldon and I endeavored to create an enjoyable working atmosphere and I feel that we were successful in doing just that.

I want to congratulate all Kadimah-Machar staff and Head Staff for a job well done. I also want to congratulate Kenny for his invaluable assistance above and beyond the "Call of duty". I have only good words for Sheldon and the work he did and trust that his presence here is not a momentary one but will continue for years to come. More than anything he created an atmosphere that was conducive to a healthy rapport between all levels of the camp. Such an "open-door" policy can only lead to the creation of an enjoyable working atmosphere and inevitably to a successful summer for both staff and campers.

To all staff and campers of Kadimah-Machar '81, I wish you all the best of luck in your future endeavors wherever you are. I hope to hear that all of you desire to come back to Kadimah in '82 to continue what was begun this year.

Thank-you for your support. You all helped to make it a most enjoyable summer.

## WATERFRONT REPORT

...Another one bites the dust.

Another season ended, we gather an article about the waterfront 1981 must be written. When we came to camp it looked like we were in for a real surprise. With a new program and new docks to set up, we were faced with a humungus task.

We incorporated a new water safety program with 8 colour coded levels which we are still in the process of memorizing. Yet nevertheless, looking back on all the pranks (even the 36-C days) and the ups and downs that we did encounter, it was all a blast. Waterfronts are never a breeze, especially at Camp Kadimah-smile guys- Heidi, Rhonda, Andrea and Lewis. Without all of you we could never have existed. We also owe a special thanks to our boat driver and mentor, Mark Rosen. Without his patience and assistance in times of turmpil all would have ended in disaster. His assistant boat crew also deserves a hand of applause as well-thanks guys.

Before we depart, I (Merris) owe many laughs to the HTA club. What fun would chugim be without you all. Thanks for putting a smile on our faces every afternoon, keep on swimming

Love Merris and Karen

## Landsports Report

Here it is, the end of camp for another year and another Sports report to do. Well, the summer went very smoothly due in part to the sunny weather and warm temperatures. The Giborim will be forever remembered for their World Championship Red Rover games and endless hours of Soccerbaseball on the grass by A,B,C. Goshrim, you began to learn how to play softball and even the girls found out they could do it and have fun. The Kochotniks had some tough tackle football grudge matches and only a few injuries, the girls that is. The boys stuck with more gentle games like softball and basketball.

The Machar boys this year exelled in basketball and next year hope to apply for an NBA franchise. The girls also excelled in sports, their favorite being sun-tanning. Oh well, at least they didn't get their hair messed up. On the camp scene, the Kadimah Sluggers Softball Team successfully defended the camp name by outclassing the B'nai B'rith from Halifax 6-5. From the beginning it was no contest as Kadimah batters and fielders showed why six out of nine starters had tryouts with the Montreal Expos and would have made the team if not for the baseball strike. Even though B'nai B'rith took a 4-0 lead in the first inning, our team was not worried. This was our plan. Build up the other team's confidence by giving them a massive lead and crush them in the bottom of the last inning for the victory. And naturally, it worked to perfection as Bill J. "Clutch" Chernin drove in the winning run with two outs in the last inning. Other members of the team also came through for Kadimah, notably Mark Rosen with his inside the park 4-base error "homerun". Since that game, no B'nai B'rith member has admitted they participated in the game due to their overwhelming shame.

On the basketball scene, Kadimah edged by the B'nai B'rith 81-46 for another victory. After that victory, Kadimah team members were heard to exclaim, "Bring on the Celtics!" The Kadimah squad also pulled together for a 52-36 victory over the Tekkies lead by Mitchell Beck. Needless to say, Mithell has now volunteered to play for Kadimah next year.

Well that's another summer wrapped up. Many thanks go to Martin Zelikovitz for his assistance and the CIT's for filling in. Just remember, if you've got nobody to play with, play with yourself!

Landsports Director,

*Ian Zatzman*

## SCOUTING OTHERWISE KNOWN AS ROUGHING IT IN THE WOODS

If nothing else, this was the most eventful summer in terms of roughing it. Machar orientation was our first extravaganza of the season. After a brutal drive up in the camp van, the Macharniks set about their treacherous tasks. Wood collecting was one of those skills stressed in Tzofiut (that's a little Hebrew for You Young Judaeans) this year. I would like to thank Ken Koven for his great wood collecting. However, kindling does not involve tearing down a 20 foot tree. The Macharniks feasted on hamburgers and then settled down for a so-called rest. However, they did not sleep. They talked endlessly and only stopped so that Jocie could put on her eyeliner around 3 a.m. The next morning, only the most courageous boys swam at the base of Indian Falls. Evan, Lou, Mike S. and Iaan enjoyed being taken for a ride, by the overpowering current. It was a short trip yet it was the starting point for the new friendships and short-lived relationships to come.

Only a few days later Machar was called upon to participate in the age old tradition of Hiyashfut. One of the captains, Bernie David was chosen for his previous involvement in the non-conformist party of Camp Kadimah. Mike Stein was also chosen for his numerous qualifications. He was tall. Soon after arrival at the site on Indian Lake, Machar removed the word "competition" from the English language. A swim to end all swims followed. A special thanks goes out to Cori whose swimming makes lifeguarding a real treat.

One thing Machar was very good at was eating. A major part of their time was devoted to both cooking and eating. Unfortunately, Heidi Brown did all the cooking and Camp Machar did all the eating. Other outstanding events which should be noted will now be listed. Mike Pink slept. He awoke once. Cherise had her foot removed. Joanne Morris spoke. Andrea Garson left her team to fend for themselves. Ellen Boniuk hugged everybody. Heather Flam and Joanne Ferstman did lots and lots of suntanning. Selig was bitten when he least expected it. Brett drank 8 gallons of Kool-Aid. Neil Brown began his CORISpondence. Seva flirted suavely. Howie Green will get this year's Machar good guy award. For those of you, who were not mentioned, the following is specifically for you. Place your name in the blank space provided. ( ) slept, swam, ate, left.

It is now time for the moment you've all been waiting for, Drum Roll please. Yes, that's right, we will now discuss the absolutely perfect Kochot Hityashfut. I mean this was the model trip. The captains were fantastic. Jason Budovitch and Stefanie Green were the champions. Lorne Brown and Cindy Pink came in a close second. Okay, so there were only 2 teams. After a speedy trip to the site, the teams set up their tents and completed their other numerous tasks. There were other important events worth noting. Shelley Flam was born again, when she was given permission to cleanse her soul with water. Mark Garson played M.D. with Nurse Gaum at his side. Heidi and Mimi led their team to victory with just a little help, (Okay so I lied), a lot of help. Sandi Fischel proved that she has head-staff potential. Lainie Rapp and Bari Levine proved that it is possible to talk without coming up for air. Adam Stern showed his finesse with the ladies. For those of you not mentioned, here is a blank space to fill in your name. ( ) worked damn hard, tried their best and flirted constantly on the Kochot Hityashfut. Let us not forget the first annual

Hityashfut-a-thon, run by Joel, Jeff and Leslie which put the Maccabathon to shame. All of Kochot deserves a pat on the back for their enthusiasm and hard work.

The Goshrim hike was held at camp this summer. Just before departure Mr. Weatherman informed us of a hurricane on the prowl. Safety First being our motto, we had to stay in camp. Sorry Shawn and Robert.

The Gibby hike had a change of location also due to inclement weather. The gibbies were moved to the shelter of our very own. A shelter was called the bonfire site. Thanks to the great cooking of Darren Marshmellow Treats Ishaky and Sandra -frenchtoast Wolman the trip was a success.

Okay so let's rap up this article before you all fall asleep. And now the end is near, but let me make this perfectly clear, I want to thank every single staff who helped and cooked and sang and screamed. So to all you little scouters out there in teckyland, Good night and have a pleasant tomorrow. As for myself, I'm going to ride off into the sunset in my canoe searching for a better trip.

Love, liberty and the pursuit of  
happiness,  
Leslie

The Infirmary Report

T'was the fourth of July,  
And all was well,  
The creatures were stirring.  
The Infirmary lay quiet  
In the midst of the woods.  
Oh well, of course,  
T'was only four in the morning.  
But with the striking of the clock at seven,  
And the music blaring,  
The camp suddenly comes alive  
The action begins.  
Campers stagger by,  
Blind to the sign:  
"Infirmary Zone, Quiet Please",  
Stomping up the Infirmary steps,  
Piling into the treatment room.  
To a groggy--  
"Yes, who is it?  
What can I do for you?",  
They respond--  
All the aches and pains,  
Problems and troubles,  
From the depths of their souls,  
Are po  
Having been taken care of,  
Feeling better and seeming satisfied,  
They leave to continue on

Into camplife.  
Allthrough the day,  
With pre-meal medications,  
Post-meal sick calls,  
And inbetween injuries,  
The infirmary does  
Continues to bang shut,  
Opening to the tune of tinkling bells.  
Thus it was  
The order of the day  
At the Infirmary  
For the better  
Of the camp season.  
But, Alas, with the coming of  
Maccabiah,  
Came along the bad weather,  
And the woes of all were anguiented.  
The hectic life of the infirmary  
Even crazier became.  
But with Cheryl s skillful help,  
All calmed down once more.  
And with the visits of the "3 regulars",  
Sandra L, Andrea C., Curtis, and Gummy,  
And all the others (Thank-you, all),  
Sanities were restored.  
The uses of the infirmary, fearnot,  
Were wide spread.  
Food to eat, water fights  
Singing concerts, and a place to seep.

(Honorable mention goes to Heidi B. for sleeping the  
longest, latest and loudest!)

But for the two events:

"The Gong Show Toast Party", &

"The Get-Well Party",

Lost to undue circumstances,

The Inf rmary would have been

In constant turmoil and swing.

Now, the summer's almost done,

With almost all

Back into a healthy mood.

So until the following season,

There is but one last line to add:

"ALL'S WELL THAT ENDS WELL."

This is / / to all those people who've seen me in my best and  
worst moods and who've seen me in leared through them all, still

Thank- you for all

## Secretary Report

This is my first year here at Kadimah and I enjoyed it to the fullest.

I find the staff to be very friendly, and I seem to get along with everyone. There are a lot of staff which I give my to, for helping me throughout the summer especially during the first week of camp.

There were times when I was so busy in the office I didn't know what I was doing. It seems like whenever I had free time, Lenny B. or Joel C. would ask me to do something for them.

There were times when I was nothing to do but wait for the phone to ring. Then Sheldon would OK KID let's clean the office. He always seemed to find me something to do. But don't worry I had a few days to relax and sit in the sun.

I found my job to be an excellent experience not only the working part of it but getting to know the staff. I am sure I will benefit from this job in the near future.

I enjoyed the night life here at Camp Kadimah like the staff programming, the black out, and the tekkies entering camp attacking people on Shmira.

As camp is closing and summer coming to an end, I want to say: Sheldon and Mark you did one hell of a job handing the problems that camp faced during the summer.

Also, Shelley and Martin, I hope you will still be friends after working on this year's Iton. It should be a good one since I know you work hard.

Best wishes, Therese

This article is dedicated to all those worthy of it.

A note from the Mel Yad

The summer of 1981 was a big year in the Mel Yad as in addition to the regular chugon and puela there were decoration and costumes made for the great matie socials and puppeteering super skills, which turned out to be a success (kids your puppets are amazing!).

It was really great waking up to your bright smiles, Gibbies. You always seemed so happy and were always having lots of fun. Your spidets, (angles jewel boxes and everything else you made were great. All of you really suprized me with how quickly you learned how to macrame and last but not least, Thanks for the murals that you madé for the banquet.

As for the Goshrim your animal pins and decopodge plaques were a great addition to the visiting Day display. Kochot your macrame belts were great. Machar all I can say is it was nice to have you around but I wish that I could have seen more of you, and to Minam H. and Joanne M. your "Fiddler" sets were terrific.

Finally to all you who let me display your work on visiting day you did a great job and thank you very much because without you there would not have been a display.

I hope that all of you had a great summer and fun in the Mel Yad.

Love Eden

## Giborim Unit Report

The summer of 1981 proved to be excellent for both campers and staff in the Giborim section. The kids were great; the staff worked well and had a good time- that's what made the summer! The programs were excellent, and most ran well. Of course there were many problems, like always, but they were the type of problems that were to be expected. We had mostly a first year staff, who needed some guidance and practice in the first weeks, but shortly they became the best and most united staff in camp. It was really pleased with the closeness of the staff, as we overcame problems easily, and everything always seemed to work out well.

Like all staff at all camps, I experienced lots of bad days and good days- but major problems became minor ones quickly and most smoothed themselves out without causing more problems.

Thanks to all Gibby campers and staff for making my summer a great one.

I love you all,  
Sandra Walman

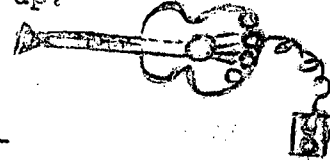

Mel Yad

Mel Yad is lots of fun we do lots of things like, boondoggle candles popsicle sticks macrame clay iron ons and finger painting. Eden Cohn our Mel Yad teacher is a great teacher. She lets us do lots of things like I have mentioned. We have Mel Yad For a chug, we do the same as in the period class. I love Mel Yad.

Maccabia 1981

I think Maccabia is lots of fun. Because we do lots of running. Swimming, drawing, cooking and building we do too during Maccabia. I was on white team and we came in last. Both years I was at camp I came in fourth.

By: Bena Medjuck

Camp

It's my first year at camp and I like it a lot. Lots of things to do all day long like Mel Yad, swimming, boating and games. There is always some thing to do. That's it for camp.

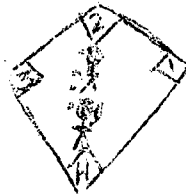

Mel Yad

Mel Yad is lots of fun we use lots of stuff. It's sun to do here because there are things I like to play with here. There are candles, gimp, two colors- red and green-and lots of other things. There is so much swimming.

By: Syma Gaura

Softball

Softball is good  
Softball is fun  
Softball is good for everyone.

Super Skills

I like Super Skills and the swimming. The best one is with Sandra Landis, she goes in the water with us.

### A Story

Once upon a time there was a boy. One day in the summer he was at a camp in Canada. The camp was called Kadimah. When he got there he started to cry he wanted to go home. So the counsellors said he would be going home in six weeks. By the next day he was happy. With lots of things to do. The six weeks went like six days go. When it was time to go he started to cry I want to stay. So after that he came back until he was a counsellor.

### Mel Yad

I like Mel Yad  
It is my favorite activity  
We are always having fun.  
Eden is our teacher  
She has good taste.

What I like about camp is banquet night.

By: Michael Druckman

Mel Yad

Mel Yad is lots of fun. We make candles, loondoggle, play with clay. And we fingerpaint and make pet rocks and we also get a piece of colored paper and we go out and get some stuff and glue it on the paper. I also go to the puppeteering Super Skill class and I made a squirrel and a jumping jack teddy bear and I made a finger puppet which is a squirrel, I also have Mel Yad for a chug.

By: Elisa Shek

Shirkud

What I like about Shirkud, well the main thing about Shirkud is to have fun while you are singing. And the accordion is such a beautiful musical instrument. Also we sing really beautiful songs. And that is why I like Shirkud.

Mel Yad

Mel Yad is very fun. We do olts of things like paintings and using popsicle sticks to make things and we are going to use gimp and other stuff. And Eden is our Mel Yad teacher and she is very nice and we do quite a bit of work with her. Well that's all to say,

Anne Lea Israeli

Maccabia is lots of fun  
It's sad to know when its done  
Track and swim  
Maccabia is to lose and win

Sari Schwartz

Well, I like softball because it's in the outside and I like sports and softball is a good sport.

Maccabia is great  
Maccabia is fun  
If we don't get Maccabia  
I'll spank the directors bum

There's swimming, track and shirkud too  
Those are some of the things we do.

Shirkud

Shirkud is very fun we sing lots of Israeli songs and we dance Israeli songs and Shoshi is very nice. And I would like to tell you some of my favorite songs, there is Luyabee, Lach Yerushalyim, Haleluyah and David Melech Israel and a lot more songs. Well that's all to say.

Anne Lea Israeli

When I got on the plane to camp I was very excited. I came to the airport I met Anita Wolman. We went in the base with the suitcases and trunks I fell asleep when we came to camp. I made friends I met my counsellours. Then we had a barbeque the next day I started to cry I was better a few weeks later I said I want to come again there is a lot of things to do. I will come next year again.

Sheldon Cohen is the director of Camp Kadimah. He is very nice .  
He brought his wife and 3 daughters. His wife's name is Freda,  
his daughters' names are Tiffany, Mandi and Stacey. Tiffany is  
the baby, Mandi is the 5 year old and Stacey is the oldest. Sheldon  
was playing softball and he slid home and hurt his knee badly. Sheldon  
worked hard to make camp better this year!!

By: Jonathan Ross

### Mel Yad

I like Mel Yad because we do painting, candles, fingerprints, and lots  
of other things. The director of Mel Yad is Eden, she is very nice.  
The Mel Yad was the old dining hall, Cabin 74 was the Mel Yad.

By: Tara Abrams

### Swimming

Swimming is lots of fun,  
Especially when it is done,  
But poor old me,  
When I hurt my knee,  
Meris doesn't care about a thing.

By: Amy Boniuk

### Mel Yad

I like Mel Yad because we paint and work with clay and draw pictures.

By: David Webber

### Head Staff: Boys and Girls!

Sheldon: he has three daughters:

Mark Rosen: he is the assistant director.

By: Lisa Gaum

Mel Yad

Mel Yad is now and forever will be nice and lots of fun. We do a lot of things like painting; candles, gimp and lots of other stuff Eden is also really nice.

Maccabba

Red is dead, blue is true, yellow is mellow and white is right.

By: Tami Meretsky

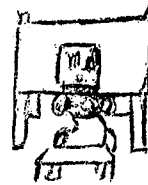

Camp

Camp is pretty,  
Camp is nice,  
Camp is fun,  
Camp is not dumb,  
There's Maccabia,  
Carnival Day and  
Haganah night too.  
The activities are  
Swimming, Mel Yad, sports  
Shirkud too.  
and other things too.  
I like the hikes  
you probably would too.  
Those are the things  
In Camp we do.  
THE END

By: Amy Block

Mel Yad

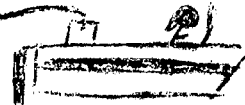

Mel Yad is lots of fun  
Because Eden Cohn  
Is our teacher and  
She teaches  
Gimp, spiders, iron-ons,  
And candles.

By: Debra Stern

The Waterfront

The head of waterfront is Meris Kott.  
Her assistant is Karen Mostyn.

By: Jeffrey Holtzman

Mel Yad

Mel Yad is lots of fun. I like it a lot. I love making candles.  
It's lots of fun. You can make pictures, paintings and lots of  
other things and boondoggle. Our teacher is Eden Cohn from Halifax.  
She is really nice.

Camp Life 1981

This year the Camp Director is Sheldon Cohen. This year I am in cabin C. The kids in my cabin are...

David Webber  
Jonathon Ross  
David Gordon  
Andrew Sable  
Jeff Holtzman  
Mike Druckman  
Robert Cohen  
Jonathon Hadari

This is my second year at camp.

Camp Kadimah

When I came to camp  
I was very surprised  
to see such a sight,  
after a few days,  
It was Haganah night.

When I came after Haganah night  
it was maccabia and  
time to fight.

I opened my eyes, I got  
a surprise, and then  
it was carnival day.

There are things we do  
that I like alot,  
There's swimming, shirkud  
and lots, lots more.  
There's sports, bana and  
wearing shorts.

Camp was fun when it had  
just begun!!

The Assistant Director

This years assistant director is Mark Rosen. Last night, Mark and Ian were doctors. I slid on a rock when we were playing a game. Mark put curacroam on my cut.

Goshrim Section Report

The summer of '81 was flawless.  
The staff was great.  
The section head was great.  
The programs were super.  
The campers were terrific.

Right, Ya!!

Back to earth...

The campers were exposed to variety of excellent programs which they enjoyed to the fullest. O.K. now back to reality. The staff was new and this led to many problems, however, with expert direction they learned what I meant to be a great councillor. The campers were hard to handle but they finally realized that fun and cooperation are one in the same. The staff planned programs which were well received and enjoyed by all those who participated. The section ran well and the problems were solved.

I hope everyone has a great year and will return to Kadimah for many more years to come

Shalom, & Good luck

B,J. Chernin

### Cabinhopping

Every night we go outside  
But mostly we only hide  
We go to the boys' cabins  
They kick us out  
They call us dogs and scream and shout  
We try to cross the bridge this time,  
But head staff catch us all the time!

By: Jacki Pinsler and  
Robin Shore

### Head Staff

Sheldon Cohen- nice, handsome and smart.  
Mark Rosen- gorgeous, funny, and swingy.  
B.J. Chernin- strict, funny, great section head and generous  
Ian Zatzman- tall good sport, great athlete and smart  
Joel Cuperfain- sense of humor, funny looking, weird.  
Kenny Gordon- terrific looking, sweet and funny.  
Lawrence Chippin- funny, cute, smart and short!  
Ronny Cuperfain- hysterical, smart, sweet and good looking!  
Meris Cott- nice, good swimmer, waterfront director and pretty.  
Karen Mostyn- cute, small, funny and pretty.  
Eden Cohn- good artist, nice, helpful and pretty.  
Sandra Wolman- pretty, sweet, generous, and giving.  
Shoshi- good singer, nice sweet and pretty.

### The Revised Edition Of: Another Brick In The Wall

Camp life is tough but fair,  
The kids are nice and always share  
The camp directors are usually nice  
And Lynn the nurse checks for lice.  
Hey! Meris, leave us kids alone.  
All in all it's just another year in camp.  
Maccabia is once a year,  
But most of us think it is queer.  
As for candy, we have a ton,  
All together camp is fun.  
Hey! B.J. can we go cabinhopping.  
All in all it's just another year in camp.

Jamie Cohen

### Song Dedications For Cabin 15

Jacki- Don't Ask Me Why  
Andrea- Big Shot  
Karen- Another Brick In the Wall  
Liane- Hell's Angels  
Robin- Dreamer  
Heather- Driving My Life Away  
Danielle- It's Just A Fantasy  
Maria- Everybody Has a Good One

## A Day In The Life Of Cabin 15

After a full night of cabin hopping we wake up in the morning with a long stretch. B.J. yells at us to get up for Hafta'ah (What a bore!) with a bit of coaxing we finally get dressed, and rorin' to go. (That's an expression there). The counsellors have to yell at us to clean the cabin 'cause we are just too lazy. (True!) Finally, we are ready to go to breakfast. Mifkad takes a while on hot days, but then we go to the cabin and get ready for first peulah. Third peulah is swim. Beware! That's what I hate the most! Then lunch. The same old boring food day in and day out. Blech! Then comes rest period. It's boring, but I think I'll live. Chugin next. (ugh!) Then snack. I wish we would get it more often. Supper! Same as usual. (Awful!) Evening program is all right except for A.C.P. (another crappy program) (Yuch!) I guess now it's off to bed and ready for another full night's work of cabinhopping.

Good night, By: Danielle Cordon

### Camp Life

Camp life is very tough. You have to get used to the food and sleeping away from your parents. I like camp, but only some of it, like swimming, sports and other activities. Life in the cabin is fun also.

By: Karen Zelikovitz

### Goshria

It was 7:30 p.m. Goshria evening program. Everyone went to the auxiliary sports field, we were going to repeat Operation Bullet. We got into partners and went through an obstacle course. It was like really being in the army, we fell to the ground when we were told. We crawled across the bridge. The dining hall was where the hostages were being held. The guards were armed with water pumps. We went into the dining hall. I was hit and had to go back to the pavilion. Evening program wasn't over yet, the hard part came up. We got into groups of five or four people, and the hostage in my group had no hostages, so my group was last. This time we snuck up to the bridge but there was a guard in the high tower with water bombs. If we were hit by a water bomb we had to drop to the ground and wait until the end of evening program. My group ran across the bridge pretending to shoot guns at the guard. I wasn't touched, my group made it back to the auxiliary sports field.

### A Friday Night At Kadimah

The day starts off at 7:00 when they announce wake-up. Ten minutes after wake-up is Hafta'ah. After Hafta'ah is cabin clean up. During cabin clean up, taranut and buggy duty are called. Ten minutes after that, the camp is called to breakfast. After that there's Mifkad in the main sports field. Then we go back to our cabins and get ready for first peulah (activity), which is sports. After first peulah, there is second peulah which is an A.C.P. which means Activity Center Program. After peulah 2 we have third peulah which is Mel Yad which is Arts and Crafts. After third peulah is fourth which is Swim Instruction. After fourth peulah, taranut and buggy duty are called to the dining hall. Ten minutes later every body goes to lunch. After lunch is Menucha. After that is chugin. After chugin is snack, then showers and clean-up. Then there's inspection and Mifkad. Next are services and supper.

## A Day In The Life Of Cabin 15

After a full night of cabin-hopping we wake up in the morning ready to start mopping, go to hafta'ah and get ready for Maccabia. We eat our meals, get ready for swim, but watch out for eels. We go to lunch, drink all our punch. We get to eat (supper), and start with our meat. We get into bed as we are led to a deep, deep sleep!

By: Liane Soberman

### Camp Kadimah

1. Kadimah is fun,  
For mostly everyone  
It is never a bore  
You could never ask for more.
2. With Sheldon Cohen as our Director,  
There could never be anybody who  
Could do better.  
His cabin number is 26 for his  
Children love to play with sticks.
3. Every rest period we write letters  
To parents and people, since we were at  
Camp because if we didn't they'd think  
We kept damp.  
For Camp Kadimah is one of the best,  
We beat all the rest.
4. We love our activities so very much,  
In our cabin everyone has a huch.  
The food is delicious though you  
Would be suspicious.

By: Robin Glube and  
Stacey Cohen

### Swimming

I like swimming. I have Lewis Chernin for my instructor. I hate leeches!! And turtles!!! I'm in maroon deep and for my first chug I have water games. It is fun.

By: Jennifer Jacobson

### Camp Kadimah

This is my first year of camp. I think it's fun here. The weeks go by so quickly. I don't have any time to be homesick. Visiting Day is really fun. I like all the periods, chugim and Super Skills. I try to work good in inspection. Hafta'ah is always pretty boring. I like the Socials. I think I'll like the banquet a lot. I never go cabin-hopping because I'm always so tired. I was so tired one night I ran into a pole. The water is mostly always warm. We have barbeques once in a while, their fun. I think camp is really fun. We have good counsellors. I love it here.

By: Robin Offman

## The Freaked Out Matthew Jacobson

Matthew Jacobson, a two foot boy is the most peculiar, freaked out bot in the whole camp. On July 11th 1981 in Camp Kadimah, Matthew Jacobson on his bed read a Superman comic. His eyes twirled and his legs went up and down in excitement. He read aloud hoping everybody would hear the exciting story. After two hours of free time, Matthew's excited face gloomed into a sad sigh, he had finished his comic.

A few days later in the middle of the night, I woke up hearing a very strong buzzing sound. I looked towards Matthew's bed, and there I saw a red ray coming out of the eyes of Matthew. The ray was burning through the ceiling timber. I was parralized in a coma, while the super-human Matthew Jacobson was destroying everything in sight!!

### Camp This Year

Camp this year was very good. I was in cabin 14 and when I came to camp they gave me the most amazing welcoming and I really had a good day. In Maccabia, there is red, white, blue, and yellow. I was on white and we came last, blue came first. Carnival day was good and I wish that we could have gone on our hike, but there was going to be a storm so we could not go.

Goodby,  
Simon Ziff

### Record Breaking Day

We liked record breaking day alot this year. Samarawon the spoon tosses and Robin Offman did good on the cartwheel contest. It was fun this year. We hope record breaking day will be as fun next year as it was this year.

### Maccabia

Maccabia is a color war when four teams, red, yellow, blue, and white compete against each other in different kinds of events. Some of the events are swimming, track and field, a quiz and drama. This year Maccabia was five days long. Blue team came first, red second, yellow third, and white came in last. I was on red team. Maccabia was alot of fun.

Risa Loebenberg

After supper is evening program After evening program we go back to  
our cabins to get ready for bed. Then we go to sleep.  
By: Jason Hamburg and  
Stewart Sable

### The Bridge

The bridge in camp so shiny and bright  
And painted so delicately in white  
The panels oh so many  
You must make sure you don't break any  
With the nails in so tight  
They shouldn't unscrew but if they might  
You would fall into a great mass  
Of water right below the grass  
And if you fall deep below  
You can't tell where seaweed may grow  
And if you get tangled in this stuff  
Try your best because it may be tuff  
To get untangled but if you do  
Be careful, that's where there are leaches  
So if you please  
Get down on your hands and knees  
Just don't fall off that bridge again!!!

## A Letter

Dear Camp Kadimah:  
I think camp is really great. The kids in my cabin are nice. I think Sheldon is the best director we have ever had. B.J. our section head is really nice. The weather is nice. Cabin-hopping is really fun. Hafta'ah is always boring. The food is okay, well I have to go now. Bye, bye.

Love: Julie Ruben

P.S. See you next year.

## Visiting Day

It all started when we woke up and had breakfast. We had Mifkud and everyone was anxious and cars started coming in. Once you found your parents the fun started. We got our candy and junk and ate lunch and had fun with our parents. Then we had a Shirkud presentation. When our parents left tears were rolling down our eyes. Then we ate our junks. Got sick but had fun.

Love: Lisa Gerard

## A Day At Camp!

In the morning we wake up by the loud speakers, then we have Hafta'ah. When that's over we go to our cabins and then clean up, then we go to breakfast and eat. After that we have Mifkud and listen to announcements and leave for first pula, second pula, third pula and fourth pula.

We have lunch then we have rest period. After resting we go to Chugim ( a choice of all different activities). After that we have second Chugim. Then we have General Swim, then we go to Mifkud then we go to supper.

After supper we go to evening program. Then we have snack and go to bed!

## Kochot Unit Report

Your section heads would like to deviate from the usual Iton message. We would just like to mention some special people in our section.

Thanks to Dekra for her tranquility. To Tracey for being so pleasant. To Andrea C. for the car ride from Halifax. To Linda for her hard work on the Hityashfut. To Lesley for her great kisses. To Stefanie for her compassion. To Andrea H. for her enlightening comments during sex talks. To Barbara for keeping us posted on her mother and sister. To Cindy for her hugs (especially to Joel). To Carla for her strolls down Current St. To Beth H. for her chuckles. To Andrea F. for staying all summer. To Caryn for saying "China". To Beth T. for keeping Barbie company. To Lainie for keeping us laughing (at her or with her?). To Barbie even though she hasn't told us how many licks to a tootsie pop. To Naomi for letting us call her Sylvia. To Sandi for her stuffed animals. To Alana for her delightful smile. To Maxelle for her interest in thematic programs. To Lorraine for her cowboy impressions. To Stacey for peeking in the showers. To Adrienne for her good behavior. To Bari for her good looks. To Jason for being deserving of his award. To Wayne for his ghetto blaster. To Lorne for his stud appeal. To Mike for his great fielding ability. To Igal for his Pringles. To Adam for his masculinity. To Scott for letting us know what a great time he had this summer. To Sam for his incredible jokes. To Barry for his adeptness at walking a Hityashfut's distance. To Mitch for demonstrating his passion for the Yankees. To Mark B. for his continuing interest in tackle football. To Mark E. for his shame puner. To Darren for his threats to go home but staying after all. You are all special in your own right and every single one of you will remain close to our hearts for these reasons and many more.

To the staff, who are the backbone of the section. To Heidi for amusing the entire male general staff. To Mimi, for amusing the head staff. To Sharon, for all the wild times. To Shelley, for learning about different types of necklaces. To Mark P. for his delusions about being Alan Alda. To Bryan for trying to induce vomiting. To Marc G. for his ultimate priority, water skiing. The biggest compliment we can pay you is, if and when we start our own camp, you'll be the first ones to be called; yes, even you Marc.

And, a special note to Joel from Jeff, thanx for being a helluva good friend and a great section head of one of the Kochot's I'll remember often, Kochot '81.

*Love,  
Joel  
JFF*

## Masada Will Never Fall Again

We won't let it happen again! We just won't! We Jews will be prepared in the future for anything or anybody! We will fight, practising day after day, night after night! Every year the Israeli army becomes stronger and stronger with greater enthusiasm. With great leaders we can fulfill our dreams. For many years we have been the minority, but we can really do it! For many years the Jews have suffered and many times the Jews have fought back, for instance during the Warsaw Ghetto Uprising. The Jews fought until the last gun was fired. Think a minute. Were they really that successful? In the past, the Jews have gone through many terrifying things. Many tortures. Every time a great number of Jews were killed. All because we are Jews, with our own beliefs and many of the times we did not stand up for our rights we let them push us around. We must fight back in the future. We must remember the past, but live in the future. Blue team's name must promise never to let anything like the fall of Masada happen again.

## Summer Camps

Yippee!!! My school year's over.  
I can't believe it's true.  
I'll have so much fun this summer.  
For a summer camp I'll go to.

In my camp we have activities.  
All day we play under the sun.  
We swim, play sports and even sing.  
Boy, am I having fun!

We always clean our cabins  
And although it's not always done  
We seem to get away with it anyway.  
Boy, am I having fun!

At night we ALWAYS cabinhop  
We yell and scream and run  
On the odd occasion we do get caught.  
Boy, am I having fun!

But soon the summer's over  
It's sad to see it done  
But am I having fun?!!!!!!!!!!!!!!

By! Stefanie Green

## Cabin Cleanup

Every mornin', we awake to find that our lives are at stake, if we don't cleanup.

We crawl out of bed half awake, and approach the bathroom, to go to make. Then we begin to cleanup.

Dusts and sprays fill the room, sweeping the cabin with a broom, while cleaning up.

Inspection comes again, we fail, we all cry, scream, yell, and wail.

Is that all we get from cleaning up?

Beth Tannenbaum

## Closing Cerimony

Camp Kadimah '81 is standing there quite proud, when the torch is lit and the flame aglow, the voices wild and loud.

The end is coming near we say, and at first we are quite sad. But then we continue with the fun and say, "Oh well, it's not all that bad."

by,

Barbie Payne

Kadimah Is.....

Kadimah is lots of fun.  
And Maccabia which Blue team won.

Kadimah is lots of work.  
And by the end we're all beserk.

Kadimah is six weeks long.  
And full of lots of cheer and song.

### Kochot

Kochot is the second oldest section in camp. There are 39 kids in it. The two section heads are Joel Cuperfain and Jeff Wolman. The kids in the section are real nice and I am looking forward to coming back next year.

### "Hityashvut 8]"

During shirkud one morning, Kochot found out that they were going on a Hityashvut. We found out what team we were each named our captains. The theme this year was "The Biluim". Each team had to make up a name which had something to do with the theme. Team one's name was B'nai Israel and team two's name were the Pioneers. We had to make up a flag, make our own food, and a sand castle, and a Hityashvut anthem at the end we found out that team one won. All in all we had a good time.

-By a Kochot member

### CAMP

Camp is fun, but, not always. We swam, canoed and waterskied, but, that's only in the water. Then we also have land activities which are sports. There's also Shirkud, ACP's, Hebrew and Mal Yad. Of course I could write better poems, but, this one is for the birds.

### A Camp Poem

It all started on July 1st, which I'm sure all the newcomers expected the worst.

We all laughed, cried, sang, and cheered, but at night there were the tekies we feared.

Ours heads always popped out as we said in our song, unaware that counsellors were watching us all along.

We had our fun, I'm sure newcomers did too, but, as in every camp there was work to do.

## "Hityashfut '81"

During "Shirkud" one morning Kochot found out that they were going on a Hityashfut. We found out what team we were each on and our captains. The theme this year was "The Biluim". Each team had to make up a name which had something to do with the theme. Team one's name was the Pioneers. We had to make up a flag, make one out of nothing, we had to make our own food and a sand castle, and we had to participate in the Hityashfutathon.- sometimes called the Flamathon. (Named after its creator Shelley Flam)- who by the way is a great counsellor!) At the end we found out team one had won. All in all we had a good time.

Another Kochot Kid!

## Directions For How To Clean Cabin 32

- 1- Make your bed
- 2- Pick everything off the floor
- 3- Find a broom
- 4- Listen to your wonderful counsellors
- 5- Sweep
- 6- Pick off the papers that our grounds are filled with
- 7- Maybe do the clothesline (only when you get a trip to the Dairy Cone)
- 8- Mop
- 9- After that you might have a clean cabin 32

By: Cindy Pink

(A note from her counsellor, Shelley Flam, if Cindy had followed these rules ONCE this summer I would hire her out as a maid!)

## Maccabia 1981

We came to Kadimah this year  
To try to have some fun,  
Here's Maccabia and there is work  
That must be done.

We have a theme to talk about  
Within all of our teams,  
'Masada Will Never Fall Again'  
We'll fight with all our means.

There's Shirkud, Bama, Boating too,  
Maccabathon and sports  
There are all these and other  
Activities of all sorts.

Mark Eily

### Poem

The Jewish People have a land of their own  
They gained and lost,  
Hoping that one day  
The warring would stop

But the Eternal Promise  
Will Never die  
Israel and Masada shall never fall again!  
By: Mike Jacobson

### Maccabia

It all happened one Saturday night,  
We were at Havdalah and everything was right  
When suddenly an ambulance came in the grounds.  
Everybody was making happy sounds.  
Then out came our mascot, Yosi the Goat  
It's Maccabia, screamed I.E. from his throat,  
And out came the teams: red, blue, yellow and white.  
That was a very happy night.  
We had different things,  
That were so much fun.  
But very soon  
It will all be done.  
The captains are Gummy, Jo, Amy and Bill,  
Blue team is on top of the hill!

## Camp

Camp is for fun but not always. We swim and canoe and waterski but that's not all the time. We also have land activities. Which are sports, Shirkud, A.C.P. Hebrew and Mel Yad of course. I could write better poems but this one is for the birds.

## An Article

As it says in our Yellow team marching song, Jews have been persecuted for many years, for almost no reason at all. What ~~would-have~~ happened at Masada should never have happened at all. But it shows a good example of what Jews have had to perceive for thousands and thousands of years.

Just imagine what would have happened if the Jews on Masada would have won their battle. Just imagine.....

It was lost and final days for the Jews upon Mount Masada. They realized that if they didn't fight back, they would all be killed by the ruthless, Flavius Silva, the leader of the Roman troops based at the bottom of the mountain. As they were pondering the questions, thousands of Roman soldiers began to climb the mountain. Jewish soldiers were alerted and began to battle with the Romans.

Many days later the Roman army was defeated! A loud cry of triumph arose from the top of Masada. Men and women ran down the path into the Roman camp, and tasted the wime of victory.

Using the Roman equipment, the Jewish army became one of the most powerful on earth.

What if this had happened? Would this have stopped all else the Jews have had to deal with? I guess the rest is up to you.

### Camp Kadimah

Camp Kadimah has been a great experience for me. I have learned alot of new hebrew, met alot of friends, and have enjoyed many new activities. Also I have learned to live my own life, make my own decisions, and to care for others. Life in a bunk with six other bunk-mates has been fun. We have learned to help each other when necessary, and also to experience alot of great times. I also like camp for the special days such as: Record breaking day, Maccabia, Hityashvut, and carnival day. The councellors that I have and the other ones in the camp are very nice to me. This has been a great camp season!

### Camp

I am writing this article only because my coucellors made me. If I had a choice I would not do it.

Camp is quite fun. Everything is good except for ACP's, but I can live with a little torture. Maccabia is fun also. I came in fouth this year and was on white team. Oh well!

Since I am not too excited about writing Iton articles, I will close for now.

### My Summer At Kadimah

I arrived at camp tired and weary, but all in all I was really cheery.

I was put in a cabin, cabin 33, I opened my cupboard and started to clean.

I unpacked my bags, and made my bed, Dinner came, I was fed.

Throughout camp, I've had lots of fun, munching, sneaking, and lying in the sun!

I've made many friends, who are very kind, and the memory of Kadimah will always be in my mind!

This is all I have to say right here, Don't worry Sheldon, see ya next year!!!

### 5 Basic Steps To Cabin Hopping

1. Make groups of 2-4 people.
2. Make sure the coast is clear by
  - a) Looking out of all the windows for staff.
  - b) Open the door a crack and listen for voices.
3. Open the door just a bit and crawl to the porch and hide under the towel.
4. When you are sure the coast is clear tiptoe to the next cabin in the shadows of trees, bushes and other cabins.
5. Once you're at the cabin, stay quiet!!

## Machar Section Report

Dear Machaneh Machar,

As the saying goes, all good things must come to an end, and so to must Machar '81. Looking back on the summer, I am reminded of a roller coaster. Never have I seen a summer with so many ups and downs. Just about anything to say regarding the summer would be an understatement. The summer was interesting to say the least. When I saw you all get off the bus I thought, here we go again. I was wrong. This has been like any other summer. Indian Falls was a great way to get the ball rolling and while hityashvut wasn't really a hityashvut we had fun. After two long days of hadracha and planning and a late night heart to heart you pulled off the best Machar Day in years. You showed us then that you had the potential to do amazing things and you still have it. When you put your mind to it Machar, you can do anything. You can all go very far with your lives because of that.

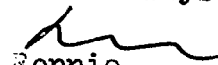

Your staff is a great bunch of people. We had our good times too. If only you could have come to some of our staff meetings you would have died laughing as we often did. We would always start out serious, but we eventually ended up cracking joke after joke. Above all else we were taunt.

A quick word on Fiddler. It was the one final thing we all worked together on. It was alot of work, a lot of time, and more than anything else, alot of fun. The play was a great way to end the summer with a bang.

Remember one thing, I think you're a terrific bunch of kids and you were fun to work with. When you look back on Machar '81, I hope you remember all that has happened, grow from it, and you are better for it. If you are able to do this then the summer has been a success despite what anyone might say.

As for our Machar roller coaster, as the summer closed I'm glad it ended up on top.

Love Always,

  
Ronnie

### Machar Day Off

Machar Day Off started at 9:00 a.m., Monday, August 2, 1981.

We rented a bus for the day. In the morning we went to "Risser's Beach" where we stayed until around 1:00. We then went to see Heidi Brown which is where we had some excitement. When we left the hospital we walked to buy what we wanted. Unfortunately, to our dismay, we had to leave early, and, if it weren't for the bus not being able to pick us up, we wouldn't have had the nice supper that we had, which was at the Wandelyn. The bus then picked the remainder of us back to camp.

### Machar '81

Machar! What has happened to it over the past few years? We all know it has changed, but has it changed for the better or for the worse?

Many things have happened this year in Machar, some have been very upsetting and brought us down a few keys, while others have gained Machar the respect they need to become a family.

Some of the things which Machar had struggled to overcome were unbelievable and disgraceful, but Machar, as a joining family was able to walk over all obstacles, big or small.

The biggest obstacle which faced Machar was Machar Day Off, something that I'm too embarrassed and ashamed to go into. The thing that brought Machar together was Machar Day. During Machar Day, Camp Machar showed its maturity and responsibility in many ways. Machar Day '81 was probably the best Machar Day ever!

The word chevra is used an awful lot in Machar, a word that is taken for granted. I think at times it shouldn't be used. In order to have a successful Camp Machar you MUST have a chevra. It is important that all Macharniks should be able to trust each other and mostly be able to relate to each other throughout all obstacles and hardships.

Camp Machar '81 has taught me many lessons, some which I will never forget.

### Camp Machar

I'm finding it very difficult to you how I feel. Although I know exactly what I want to say. I've been at this camp for seven years, and trying to pick out the best year is definitely challenging. Camp Kadimah, I guess is the junior Camp, where we follow what the Councillors say. But Camp Machar is differnt. We are given the opportunity to to show initiative, and preform leader ship a rewarding experience. This is my last year as a Camper and I will miss camp life alot. Kadimah '81, out of all my years, was my best. Camp Machar is fantastic, and a priveledge to be a part of a chevra, a family I can't begin to express how much I will miss this place but I am thankfull I will cherish throughout the years!

Thanks for  
everything, love  
Robin Cohen

I guess that it all started when I boarded the camp Kadimah bus at Halifax airport I sat in the back alone, afraid and wanting desperately wanting to go home. I saw everyone being reunited with old friends and rekindling old summer loves, and soon the terrible phobia of remaining friendless swept over me. I knew that Machar was going to be a totally new experience for me, and a certain change from the other Young Judaeen camps that I had been to. For the first couple of days, everything went smoothly, and now, after orienteering, programs, hityashvut, socials, midnight swims, our play " Fiddler on the Roof", and countless other instances, I have truly found out what a chevra really is. Machar is chaverim that thrive on ruach, and the need of wanting to help and understand each other. This unique feeling, I could not have experienced anywhere else. My first year of Kadimah has been filled with the fondest of memories, the best of times, and the closest of friends. Even though camp is drawing to an end, in my mind it will live on forever.

Thank you for the memories

Love, Cori Halpern

### THE TEAR

Out of the darkness  
A tear fell,  
And told the world  
in its solitary way  
of its loneliness,  
And splashed on the floor  
as a Dream night,  
to be forgotten and trampled upon  
by the harsh feet of reality

## Machar Day Off

This year's Machar Day Off was interesting and unusual. The day started out at Risser's Beach. The weather wasn't very nice but with the help from every Macharnik, we managed to have an amazing (that's dedicated to Laura from Heather) time. We left the beach to visit poor Heidi Brown at the General Hospital. That's where the interesting and unusual event took place, which maybe we'll tell you about in the near, far future. After leaving the Bridgewater Mall to shop although not much shopping was done due to a certain visit we had to make because of a certain happening which took place at a certain area earlier in the day. Confused, eh? Well use your imagination. Because of the incident, we were going to be taken back to cle Kadimah but thanks to the bus that couldn't come get us, we had a wonderful, not so expensive, dinner at the Wandelyn minus a few people. After dinner, the bus came and brought us back to camp, also minus a few people. It had been a long day and we were glad it was over. But was it really over?

We love you Machar, problems  
and all,  
Love Heather and Laura

Dear fellow Macharniks and Madrichim,

For us four, the summer of '81 has been a new experience. We, as first year Macharniks had to face new challenges and difficulties through out these 6 weeks.

For the past years we have been part of Kadimah and now even though we are still living in familiar surroundings, we consider ourselves independently "Camp Machar".

There are certain privileges given to Machar that make it special. Having Rad Hayom, attending our own Mifkus, being without staff in our cabins and most important, not having to wake up to the dreaded Hafta'ah. These are just some of our privileges that make Machar different from any other section of Kadimah.

We come to camp, prepared to express our talents and leadership to our fullest extent. We are striving to achieve the expectations of our 5 Madrichim.

In addition to reaching all of our goals, we are here to make everlasting friendships and to build a chevra. We believe that we have tried to fulfill our potentials. However, it is true at times we were un-cooperative and disappointing but through our hardships we grew closer as a family.

In a few days the summer of 1981 will come to an end and memories will be the only thing left to hold onto as they will last a whole lifetime. We would like to have the privilege of sharing some of the memories that we as Camp Machar have experienced.

Remember.....

Fiddler On The Roof, Greens in my pocket, or Gonavim, Machar Day Off, the "bare" facts of our midnight swim, Our so called Hityashfut, the shredded bean bag, the rocks and the bench, Machar Day, our sudden 9:00 a.m. sicknesses and WE ARE THE MACHARNIKS SO PITY US!!

All in all it is and has been a terrific summer, but it wouldn't have been the same or as successful without the help of our 5 Madrichim Ronnie, Perry, Lenny, Amy and Anita. We thank you for your understanding and being there whenever we needed you. Most of all we thank you Machar, you're the greatest and we love you.

Lots of love, your chaverim  
Mara, Joanne F. Heather, Jocie

Dear Camp Kadimah/Machar,

For a long time now I've wanted to let you know how much you mean to me. You have given me six of the best summers of my life, and thoughts and memories that will be stored in my mind forever. The friendships with which you have provided me with have been unique and special. You have been my home away from home, and you probably know me better than my best of friends.

Camp Kadimah, you have taught and showed me what it feels like to love, hate, laugh and cry. I have felt so many emotions and met so many people inside your gates. I LOVE YOU KADIMAH, I LOVE YOU for the person you have helped me try to become, and the fun and the good times you have given me. I hope and plan to return to you in a few years and complete my circle as a counsellor.

At this time I'd like to thank all campers, counsellors, headstaff and all my friends for making my years at Kadimah so terrific. Without all of you, the weeks would have been worthless.

In closing, I'd just like to add that I have given my all for you, Kadimah/Machar. Even during the ten months when I'm not with you, you are always with me in spirit; in my thoughts, a topic of conversation. I can never seem to stop talking about you at home. It will hurt to say goodbye for a couple of years, but you know it is only temporary separation. I'll be back, because Kadimah; YOUR WORTH IT!!!!!!

With my deepest  
LOVE and RESPECT,

Heidi Brown

## FOREVER

Speak not lightly of me,  
For what is on the outside  
is not always what you see.

I am the sadness  
that can kill a soul  
in a single second.  
But no one sees my tears  
I am the joy  
harboured in paradise  
But no one sees my smile

I am the anger  
bordering on an insanity  
that all humanity  
fears.  
Yet no one looks through my eyes.

Look at me with those blank eyes  
and tell me what I feared  
you might say  
Walk away  
Don't look behind  
Don't listen to  
the anguished cries  
of a soul that dies  
for the love of a man  
For no matter what you see in me  
I am  
and will be  
Forever...

We, the people of cabin 7 of sound body but not the sound of  
mind, leave the following things to:

Neil Brown we leave spray and wash.  
Mike Seberman we leave a self flushing toilet  
Mike Stein we leave a Fred voodoo doll.  
Bernie David we leave a Fred punching bag.  
Alan Goldman we leave greens.  
Brett Sarrow we leave food.

Dear Camp Kadimah/Machar,

This camp is literally my life! I love Kadimah very much, more now than I ever realized. Sometimes I take for granted all that this camp has done and given to me.

It all began in 1972, when I was just an 8 yr. old Gibbie, for all that really matters. It's now 1981, and ten full summers that have passed me by are ones that have created something very special to me. I don't know whether or not I will return to Kadimah for another summer, and that fact really scares me to no end. The friendships, the memories, the good, and the bad times, most of them good are ones that I will always cherish. In '72, the first link of my circle began, now, the final link is just fitting into place, completing a miraculous phase of my life. The many memories and the tears are starting to slowly come back, as they have many times before. But now there is a complete new meaning behind these tears, not of sadness or overwhelming joy. I cry for this camp and its everlasting miracle that has put smiles on the faces of thousands of children for over 35 years, and please G-d, for another 35.

I've seen many generations of Kadimah campers come and go, some for many years, others for only half a summer. A stanza from a poem written by my brother Evan comes clearly to mind. "In '77 I was second year Gosh, and Billie Laskin was our Rosh. Jeff and Nikey gave us our bruises they taught us who wins and also who loses." Evan is now completing his last year in Machar. Funny thing, just this evening I watched the Machar production of "Fiddler On The Roof". Evan was the lead in the play. As he sung his first solo, "If I Were A Rich Man", the tears started flowing again. He and his entire generation has grown up right in front of my eyes. From that 11 yr. old Goshrim camper, to a bright, responsible young man who brought the house down tonight. Remember Evan, tonight was one of my most proudest moments, and it's yourself who teaches you who wins. And Evan, if you remember that, you will never lose!

Oh, I'm sorry, I got off track for a few moments. I thought this article was supposed to be about camp. Boy, have I seen this place go through some tremendous changes over the last ten years. Six camp directors, lots of wierd doctors, tons of crazy camp drivers, and many nutty section heads, along with a couple of fantastic years in Camp Machar, two summers that I will never, ever forget.

It's really crazy when I think back to my days in Kochot and Machar, when all we ever lived for was raising a lot of hell, raiding, and cabin-hopping every night. Such things were so trivial and childish to our councellors. Maybe these things still linger on because they are tradition, just a few of camp's many wonderful traditions. I now see things on the other side of the coin as a staff member. I also came to realize why we were always yelled at and punished by our councellors for the things that we used to do. These so-called trivial things really are very important, and provide me with some of my fondest memories.

Camp Kadimah, I love you!! You're very thickly embedded in my blood. Thank you for something very special. A decade that will linger in my mind for many years to come.

Chazak V'Amatz  
Love,

Martin Zelikovitz

### Open Dialogue With Shelley Flam P.H.D.

Reporter: Tell us Shelley, how's the life you lead?

Shelley: Glad you asked, I feel like pouring my heart out to a stranger, so here goes. My life used to be dull. Hard to believe isn't it but it's true. My only thrill was Pizza day at camp. Even general swim or Shirkud could not lift my spirits. But then like the pot of gold at the end of the rainbow, I was reborn.

Reporter: You mean a paragon of virtue like yourself was reborn. I'm shocked.

Shelley: No, it's all true. I speak no evil and tell no lies. My Hityashfut turned my life around. One day my spiritual leader gave me the simple task of collecting water. Yet on completion of this, I was a brand new girl. I was fun and perky. I became involved in camp life. I was a captain and now I am an Iton Editor. I mean, like you just can't get any higher. And let it be known, I did not bribe a soul to get where I am today.

Reporter: So tell us Shelley, just where are you?

Shelley: I'm in a cramped office, editing at just before sunup. In fact I can hear the birds chirping. Life is wonderful.

Reporter: Shelley, you are truly a Kadimah Legend. Thank you for taking this time for the interview.

### A Dedication

To Sandra and Andrea:

To friends who have made the world of difference in my summer here. I thank you both for the food, late night veranda talks and the other millions and one things left unthanked.

It's not that easy coming to camp late, especially when friendships have already been formed. But you both made me feel welcome from the moment I got here.

I will miss you both, and hope that where the summer ends, our friendship will not. Here's to you both.

Love, Cheryl

### Sailing Report

Unfortunately, this year there really wasn't much of a sailing program offered. There was a sailing Super Skills program but nothing in the regular camp programming. During the Super Skills we did a lot of kick out sailing and having a good time. I'm glad the kids enjoyed it and I hope for a better and more extensive sailing program next year.

## A Dedication To Leslie Rosoph

Since Leslie R's been writing all these fantastic, anonymous articles about camp and all sorts of people, it's about time one was written on him.

First, let me describe him to you- In reality, he is short, with black hair, violet-like eyes, a handle-bar moustache which he takes great pride in waxing and combing everyday, and all through the day, one can see him winding it around his finger trying to perfect the curl. However, whenever we see him, he appears much taller but that is only due to the elevated kodiaks that he wears, his hair is dyed dearty blond, contacts give him his blue eyes, and the moustache is shaved every mourning. Also he is 250 lbs but wears a skin girdle that gives him his lanky appearance.

Now Leslie's job this year at Kakimah was Tzofuit Director (for those who don't read hebrew--- Tzofuit means hiking). All hikes were a great success--- Machar didn't want to do hityasfut, Kochot sank 3 times to the bottom of the lake before getting back to camp, Goshrim were all ready to go but got called off because of a hurricane warning that never arrived untill three days later, and the Giborim were kicked off the beach site and had to return to Kadimah's famous hiking spot to end their fun and thrills. However...Leslie's determination is still there and he is already coming back next year to go thru the whole goddamn thing again.

Leslie's other position in camp is canoing master.(Ha!!). Honestly, though, Leslie can't canoe for beans- he depends on his little canoe elves to do all the paddling for him, while he does a hell of a job faking it. It's very realistic, and one has to be truly observant to notice that he doesn;t really get wet(as one usually does when he's doing his own paddling), but has two extra elves to throw tiny buckets of water all over him. For all the canoe trips organized this summer. Oh yah, they didn;t really happen-- only one other of Leslie's foul-ups, except for <sup>one</sup> that lasted 2 hours and the kids got to eat sandwiches somewhere else besides the dining hall-- Wow!! Loads of fun Leslie.

But, we love you, anyways, Lesley. Keep up the good work.

Lots of love,

The Camp.

POALIM

Basically my summer started off with work, carried on with work, and concluded with work. Though it may sound as if I was a slave, I like to consider it as a total learning & fun experiance.

Being a first year counsellor had nothing to do with any lake of authority, although the financial outlook was a little less than Second and Third year counsellors, but as far as I am concerned, everyone that comes to camp as staff does not come for the sake of money, but rather the experiance.

The general staff were amazing, and great friends. There was no question of Chevra in our camp. As a matter a fact, I found this summer one of the most enjoyable, mainly because of my closeness with fellow staff and ofcourse, the kids I had the hounor of being a part of.

My last words go to my appreciation and respect for head staff. They did an extrorrdinary job and they should recieve the highest of all hounors: Y CHI HEYDAD!!

Love,

Bryan Gaum

## COUP D'ETAT

"Just what exactly is a coup d'etat" is a common question for the majority of people at camp. However a select few were chosen to be members of the non-conformist party of Kadimah. These people do not need an explanation, however for the rest of you, listen up!!!

In the context of camp, a coup d'etat is a complete takeover of all the important positions at camp. Our party will go any means to achieve our goal. In fact we assume full responsibility for the power failure across Nova Scotia which ended the immoral practice of gambling in casino night. People involved in the Coup can be identified by their secret handsignals to one another. They also encourage macharniks to cross the bridge using the buddy system while keeping low watching for obscure bursts of lightning. Remember that members of the coup are everywhere. Even the staple in your Iton could be bugged. Let it also be known that Karen Mostyn, Lesle Rosoph, Bernie David, Bill H. Chernin and Yossi the goat deny any involvement with the Coup.

## THE CAMP ADRCCATE

As much as we the male staff like Mark Rosen, we must protest his presence at camp. He is stealing away all our female staff. Not that we mind little friendly competition which we get from the Machar boys (Hello Lue). But this is ridiculous. The Machar girls which we can't go out with anyways have already formed a Mark Rosen Fan Club. There is a logical explanation for Mark's unfair advantage. First there's his car, he's driven it only five times but everygirl wants to elope with him in it. Then there's the waterski boat which he runs. It's only common sense that girls will do anything for a waterski and I mean anything. Thirdly, there's the moustake which we can't even grow yet. He also gets to sit at head table which is indeed a big honour. However, we the male staff have a solution to remedy our dilemma. We propose to fly Mark's wife Ethel into camp each night via helicopter at our own expense. It's costly but it's worth it, isn't it.

## THE HEAD OF WATERFRONT

At our lovely camp this summer, our waterfront director's name is Karen Mostyn. She is wonderful. We have all improved our aquatic abilities by over 100 per cent.

We love her. Sometimes really nice she has a few rare occasions. A helper (this helper is quite opinionated but rarely has much to say). Karen helps to keep her in line. Our camp is only safe due to the gallant efforts of Karen and her staff.

Love the Camp

## WHAT CAMP MEANS TO US

When we both arrived late, we'd never dreamed it would be over so soon. To think six weeks have come and gone. Now we must wait a whole year long.

The first face we saw was our Sheldon and then came Mark who made our hearts swoon. Next came Kenny our program director who showed us the way to make camp much better. We then met with one whom we both fought I'm sure you've guessed her name, means Kott. But do not think it was all a struggle to work with her wasn't too much trouble. Are we both split up in such a rush to find one in Kochot and the other in Gosh.

This camp is privileged to have us here Leslie looks like a bottle of beer. B.J. we think is a wonderful soul and everyone's friend is simple Joel. Our shirkud leader Shosi, who always wore black was so good on accordion. We never came back we both love Leslie, head of the docks with his cute skinny legs, and his blond curly locks. Look around the chadar, it looks like a sketch but all you can hear is old Mama kevetch. From Mona came our beloved nurse Lynn. Who thinks sleeping is the best medicine.

Ian the head of land sports no one knows what he does or where he goes.

Freda we think is a sight to see with that familiar stroller carrying baby Tiffamy.

Now to discuss some general staff who we think are quite funny and give us a laugh. One that we still have yet to figure out is struggle Michelle Cuperfain with out a doubt.

Next comes Mimi who is super sonic in fact some think she is bionic. Rena is thought to be a super jock sometimes we think she a .....

Mark Pasternack always wears greens, doesn't he care that they're never clean.

The next two lines are by Marlene. The most beautiful girl you have ever seen. Rhonda and Heide are the most wonderful, fantastic people you could ever meet. To be their friends is not only a privilege but a very delightful treat.

Last but not least is dear old Marlene who is sure she is every guys dream. To sum up our feelings towards this summer now that its time to leave, we think its quite a bummer.

Love Heidi and Rhonda

### POEM

Rhonda and Heidi are naturally depraved  
And in six weeks Rena hasn't bathed  
Ian is the land sports stud  
And Merris should be drowned in blood  
Marlene is the greatest person alive  
To be her friend we all do strive  
We love each other very much  
And Martin Zel uses a crutch.

## A Dedication To Cabin 32

I leave to:

Cindy: a year's supply of baby kisses to last until Kadimah '82

Carla: lots of reunions in Montreal

Beth: her beautiful banner on which she worked so diligently  
Leslie! two perfect days to replace those that she missed  
(I missed you tons)

Stefanie: all those backgammon games which I hated myself  
for missing

Barbara: my appreciation for being able to come to me with  
your problems

Andrea H.: lots of loving words to make up for yelling at  
you to get to peulat

Linda: an award for her excellent cabinhopping talents  
(especially when you came to visit me in the Iton cabin)

Andrea C.: a big congratulations for handling Kochot boys  
in a manner which made me proud

Tracey: Time to let you sit on my pillow

Debra: an apology for sticking you with Igal in the  
Newlywed Game

Girls, if I could have hand-picked a cabin, not one of  
you would be excluded! We had some really great times:  
When I wanted to cabinhop with you, going to the infirmary,  
our Bunk Discussion, when I was visited in the Iton cabin,  
and something which I'll always remember, the talk we had  
the very first night of camp on my side.

Cabin 32, you kept me going when the times were rough  
and you provided me with memories to last a lifetime. If  
I affected you girls half as much as you affected me, this  
summer will have been a huge success.

Time after time, I witnessed the "Great Kadimah  
Spirit" coming shining through. You girls made me proud,  
not only as your counsellor but as your friend.

I hope that my working on this Iton did not detract  
from my responsibility to you. If it did I sincerley  
apologize.

I really want to continue ties with all you. In  
case you haven't caught on yet, I DO LOVE YOU STILL.....

Parents if you ever want to get rid of your kids for  
anywhere from an hour to a year send them to me, for  
my house is thiers.

Love 4ever andever

Shelley

## Social Night Fun

The camp social director is named Mimi Jamie Summer Penciner. She plans all our wild parties. Even late night hours do not keep her from her good deeds. She always takes on positions of authority and of great responsibility. One week, single handedly, she planned our Arab social. It was all her idea and it was indeed a success. Mimi dressed up as a Harem girl giving into the whims of all the young men. The next week, displaying her great versatility, Mimi was Mickey Mouse. What incredible talent! The Hollywood social was Mimi's second grand performance. Another wonderful success. On the third social night Mimi was thrown for a loop. The great acting ability of Karen Mostyn had Mimi believing a sock hop was imminent. The joke was on Mimi. She was justly rewarded however with captainship of Maccabia White Team. After camp Mimi will be going to the Catskills to run a countryclub. A dress code of plaid pants will be strictly enforced. (Thank you for being you)

Mirriam Paula Penciner

## Experienced

The word experienced and Martin Zel go hand in hand. Just sit down and listen to these credentials. (Are you sitting? Good!! Go ahead, read on!) He's been a camper in every section in camp. (WOW!) He won the Wolfson, was a Maccabia captain and a C.I.T. He's a gibby counsellor and assistant head of sports. (GEE!) He's the fastest runner in camp. (I know he told me himself!) He's been an actor, a manual labourer, a disc jockey, and an editor of the Iton. He has been in every cabin in camp. He's been to the infirmary. He's eaten in the chadar. He's walked across the bridge. He's given in his laundry. He's used the phone. He's been to the tennis courts. He's even (Get this, folks) been to both showerhouses. And so boys and girls, after ten years, Martin Zel is soon to be Camp Director. So Sheldon Cohen step down.

THE EDITORS

Working with the editors was a fantastic experience this year. Martain and Shelly are both wonderful, and close friends. Though this is only my third year at Kadimah, Shelly and I go back a couple of years, to 1979.

We were not that close back then, but after working with her as Kochot Staff and now helping her out on the Iton I find her a truly, trustworthly and faithful friend. I mean who else could trust me in the same shower house, (twice for that matter), but Shelly. Who else could have the patience to put up the Maccabia Banners in the Chadar at 3:00 A.M. but Shelly ofcourse. Yes Shelly you are loved!!

As far as Marty is concerned we are probably the closest of friends not only at camp but at home also. Martain and I decided to come to camp together and now we will be leaving together.

To two Great Kids, Ya ~~Good~~ Good-Byes!!!

## Canoeing In 1981

An experience worth living for

Excuse me please, the hand is up. All right now that you're all quiet I'll begin. 96.2% of the people in camp canoed this summer. (Sorry Ronnie Cuperfain, Life's tuff) Machar was the first group to leave camp via canoe. They were also the first group to return via canoe. They were also the first in history to sink in a canoe. Contrary to popular belief Laura Tulchinsky didn't mean to sink us. It's only a rumour (a vicious one). Special thanks go out to Evan Zel who played taxi driver and Anita Wolman who did a lot of shivering. Selig Wilansky who I was going to mention, will not be mentioned. Mara Brown deserves some recognition. Hello Mara!

Kochot was the next group to canoe. Heidi Forman proved that flutists can stern. Linda and Beth sang a lot. Too bad they only know 2 words of every song.

There was confusion having 3 Marks in canoes but we distinguished them by the expression Hey you! Mitchell Dankner wanted to be mentioned in the same paragraph as Mark. Hello Mitch. I'm sorry but I can't mention all you wonderful people in this article. You should all be given golden paddle awards except there is no such golden awards. So too bad!

The final canoe trip involved the "Raise a Little Hell" cabin, formerly BJ and Leslie's boys now Morris and Perry's animals. They would have gone further but cows got in the way. So we went down another river but chocolate bars called us back. Shawn and Robert were excellent. Must be good family blood. The rest of you weren't really as obnoxious as you wanted to be.

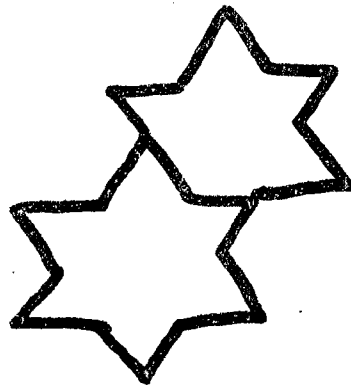

Okay announcements are over! Beerchut Hamazone Perry Chippin. What! you don't know it! Learn it! Next year it will be e your requirement for canoeing. You never did get your deep.

Love, Leslie

## The Minstrel

And he told me,  
As he played for me,  
How this life had come to pass.  
As his fingers flew  
Over strings of blue,  
Lost bits of melody; as broken  
Glass.  
His life of pain and loneliness  
Drifted out through low notes  
Held with strain.  
Though he died before I understood,  
Oh! To hear those notes again!

By: Hollis Pass

I'm finding it very difficult to tell you how I feel. Although I know exactly what I want to say. I've been at this camp for 7 years and trying to pick out the best year is definitely challenging. Camp Kadimah, I guess is the junior camp where we follow what the counsellors say. But Camp Kadimah is different from Machar. We are given the opportunity to show initiative and perform leadership a rewarding experience. This is my last summer as a camper and I will miss camp life a lot. Kadimah 1981 out of all my years was my best. Camp Machar is fantastic, and a privilege to be a part of. A chevra a family I can't begin to express how much I will miss this place. But I am thankful I will never be without my memories which I will cherish throughout the years.

Thanks for everything,  
Love, Robyn Cohen

## Wintertime

A bird's broken wing;  
No more will he sing;  
And still the snow falls.

A child lost in the snow  
Where is his mother he won't know  
Heed frantic calls.

I watch from my window  
Cold and alone,  
Build up the walls.

Bring love from the future,  
Hope from the past,  
But still the snow falls.

CAPTAINS' MESSAGE

Red Team '81 was a phenomenal experience!!  
From the first day, when we captains really  
didn't know what to do with you guys, until now,  
Thursday at 11:35, we've come a long way!!

To get into specifics, our Shirkud was one of  
the happiest and PROUDEST moments of our lives. You  
guys truly made the team, you guys worked when the  
chips were down- and we all know that the CHIPS WERE  
DOWN!!! We love you all, and our team will always  
and forever remain a TEAM.

To end this, we would like to say that this  
Maccabia was beautiful. Amid the cancelled events  
and the illnesses, a beautiful thing happened.  
Instead of there being four teams, there was ONE  
team, which worked as one CHEVRA and we all triumphed!!!!!!  
We've all won, and there are no losers!!!!!!

We love you dearly

and thanks can never express,

Your captains

MARCHING SONG

(Marching to  
Pretoria)

We are striving to survive  
In this land that's filled with foes  
And we must maintain our drive  
As the Jewish ashes blow.

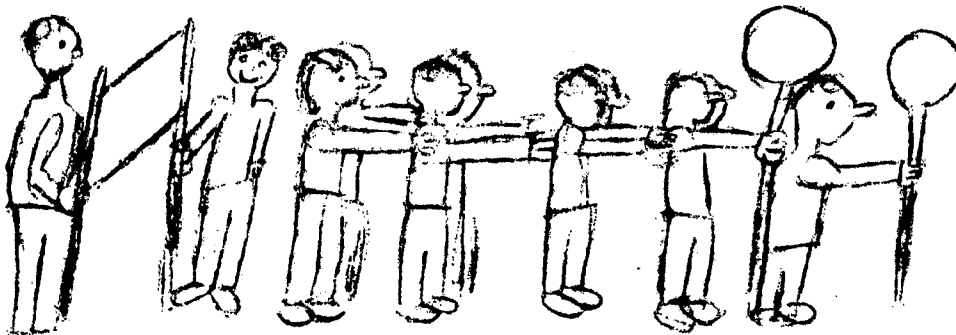

The Romans long ago  
Tried to wash away our home  
But our children have to know  
Our eternal flame will glow.

We're marching to Jerusalem  
In Israel, our homeland  
We're marching to Jerusalem  
To keep our faith alive.

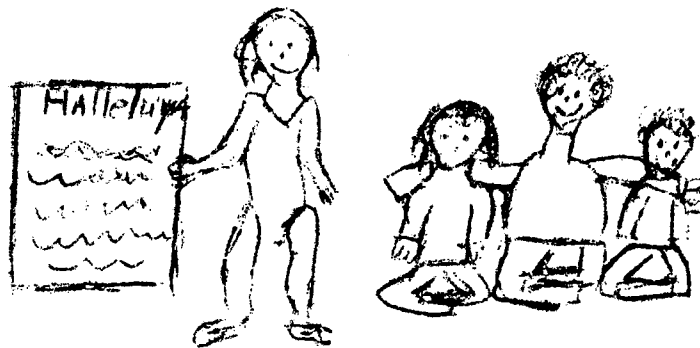

The Arab armies tried to eliminate  
our souls  
But the Jewish people's pride  
Wouldn't let them reach their goals.

So remember if you will  
That no matter how we try  
Judean blood will spill  
And Jews will always cry.

We're marching to Jerusalem  
In Israel, our homeland  
We're marching to Jerusalem  
To keep our faith alive.

Haccabia  
Had enough of it this week  
Really got to get some sleep  
Getting tired, gotta cold  
Dear sweet Judges, it's just not fair  
Rain's pouring down on us  
Really had it tough  
That's a person to do?  
Suffer through  
Haven't really had time you know  
Wrote the song an hour ago  
Give it time to grow, all the lines you know  
Singing's fun, can even do a dance or two  
And see the soul of Zion shining through  
In song and dance  
In song and dance  
All threw this show.

YELLOW TEAM CAPTAIN S MESSAGE

We, the captains of the 1981 Maccabia Yellow Team, would like to thank you, our team, for your co-operation, participation, constant ruach, and whole-hearted effort. Even though many of our team members fell ill, the rest of you kept the true spirit of Maccabia alive, as proved in our Shirkud performance. No captains could have been prouder of such an outstanding team. Whether we win or lose "IT JUST DOESN'T MATTER" We hope that despite all of the problems, you also felt the true spirit of becoming a chevrah and working as a team. (Until next year,

STAFF ESSAY

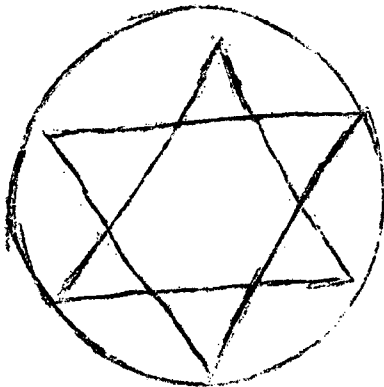

The Spirit of Masada is in the back of Jewish minds all the time. Most Jews probably, if asked, would say they know very little to nothing about the story of Masada but nonetheless, the Spirit of Masada is very alive in their minds. This statement sounds somewhat hypocritical, but I say to you all that every time a Jew in the religious free countries does the simplest thing to prove his Judaism he is succeeding in keeping the Spirit of Masada alive and every time an oppressed Jew goes to a secret little hideaway to study or to observe Jewish holidays and laws or even has the desire to, he too is keeping the Spirit of Masada alive, for the Spirit of Masada is to live as free Jews.

When the 960 Jews of Masada fought for survival against the 16,000 Roman soldiers on top of their fortress, they led a free Jewish life. Even the fact that they all committed suicide adds to the idea of their free life-they went as far as determining their own destiny and not allowing the Romans to take control of their lives. The people of Masada led their lives to the last possible minute as free Jews and it is that spirit that has been carried from generation to generation.

The Spirit of Masada will not fall again simply because it can not fall again. If "Masada" would fall again it would mean the end of the Jewish people. The Jewish people of the world and the State of Israel are not the most influential powers of the world due to an evergrowing amount of assimilation in the diaspora and the rapid increase of emigration from the State of Israel. It is quite easy for one to see that for the Jewish faith to continue Masada can not fall again.

World Jewry has become more aware about the different governments turning their backs on the plight of the Jewish people and Israel and many Jews throughout the world have accepted that there is only one person that he/she can really trust- a fellow Jew.

Jews throughout the world look at Masada as a symbol of defiance- Jews realize that, like Masada, they must learn to defend themselves. It is because of this awareness and attitude to self-defence, we can be optimistic that "Masada will never fall again".

YELLOW TEAM MARCHING SONG (PINBALL WIZARD)

Oppression was great many years ago,  
Persecution and hatred throughout the world was known.  
Assimilation set in and many Jews had died,  
But even few in number our people still survived.

Da da da da  
The fallen have arised  
Da da da da

Chorus:

We're the yellow team of 1981  
We'll show you how maccabia should be done.  
How do you think we do it?  
We'll tell you. We've got the strength and the ruach,  
We'll show you.

The jews of Masada often lived in fear.  
They fought for their lives, they always percervered,  
they always had to struggle to keep their faith alive.  
The spirit of Masada shall never leave our mind.

Da da da da  
never leave ourmind

COMPULSORY THEMATIC MARCHING SONG

(over hill over dale)

The jews of Masada  
They lead all the rest  
on a journey of  
freedom and hope.

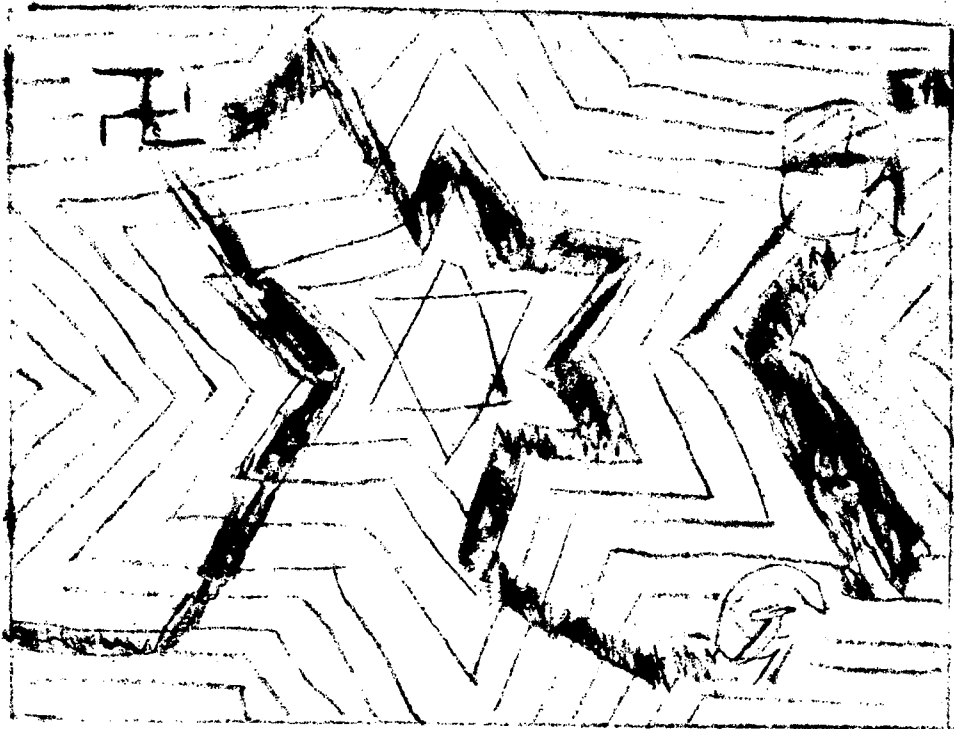

We will strive to achieve  
fighting danger to be free  
and to keep traditions alive.

We will fight, we will fight  
just to keep our jewish rights  
determined to uphold our beliefs.  
We are Naflu Vekamu  
our faith will never die  
We can say we are proud  
to be jews.

CAPTAIN'S MESSAGE  
CAPTAINS MESSAGE...

We the captains of white team would like to express our feelings about Maccabia 1981 "Wasada Shall Never Fall Again". We feel it has been a real honour to be chosen as the captains of a Maccabia team. It gave us a great deal of responsibility and hard work which we didn't regret!!!! Due to bad weather and sickness, alot of events had to be cancelled. Although this changed the spirit of Maccabia it was still ever present.

We would like to thank the other teams and captains for a fair, sportsman-like MacMaccabia. Special thanks go to our staff, which we thought was great, whose help and dedication was invaluable!! But without our team of campers we never could have come as far as we did. Hatmada Likiyum we will rise to any test. All our love...Your WHITE team captains...

## CREATIVE WRITING

### Maccabia 1981

Maccabia 1981 all began when camp K. dimah was at Havdalah service. We were standing around in a circle just as the service was ending. We heard on the loud speaker, an announcement for Lynn (the camp nurse) to go to the dining hall immediately. Most people thought it was an emergency. People then realized that gear staff had black t-shirts on. A few minutes later we heard an ambulance. It then came through the gate. The driver came out and opened the doors of the ambulance and brought out a stretcher. On the stretcher was a goat (Machar's mascot) and Perry Sable.

Kenny Gordon then took the sheet off of them. Around each of the goat's legs was a red, WHITE, blue and yellow ribbon. Then they brought out the banners. Ian Zatzman read out the teams and people on it.

This year I am on WHITE team, Path of Endurance, Hatmada Likium. Maccabia 1981 is excellent.  
Love your pal Cindy Pink.

### MACCABIA

Maccabia is working together as one, With ruach and spirit our work is sure together with our captains leading the way,  
Path of Endurance will never fray, Whether we win ;r lose,  
we still gain chevra and not the blue.

love always Barbie Payne & Barb Friedman

Maccabia 1981

Well here we are at Kadimah again during Maccabia '81. Even though everyone knew that Maccabia was going to begin Saturday evening it was the best Maccabia in the two years I've been here. The best part about Maccabia was the beginning because it had to show imagination in order to have an ambulance with Yosie our goat!!

The Path of Endurance

The path of endurance is the name of white team. Maccabia started when an ambulance came with a goat with white, red, blue and yellow strings on him. I found out I was on white team. I went through some races and some other stuff. The tune of our song is America. It sounds interesting. Maccabia is fun and there are lots of things to do in Maccabia. Well this is the end of the Path of Endurance story...

## Goshrim Short Story

### Maccabia

It all started Saturday night when an ambulance pulled up and a goat came out with red, blue, yellow and white ribbons around it's legs. Then Kenny said "Get the banners." I knew it was Maccabia. Eden started bellowing out, "White Team, Yellow team, Red Team, Blue Team," etc. Sunday we made up cheer songs and prepared for March Passes. Our theme is Masada will never fall again. It means Israel will not ever be defeated again. Israel is going to win. Sunday we had a Maccabathon. There was canoeing, swimming, running, leapfrog and hunts. It was lots of fun. We will have team games and competitions. Judaism is a big part of Maccabia. Sunday night there was a quiz. Five people from each team were in it. They had sections of different subjects. Some of them were current events, Judaism and sports. Maccabia is fun filled and you learn alot. Maccabia is more fun than fun. It's...

## Giborim Short Story

### Maccabia

Maccabia is lots of fun. I was in a leap frog race. I am on blue team. Our headquarters is in the mel yad. The other half of the mel yad is the White Team headquarters. We just started the races today. We had to boil an egg with a fire that we needed to build ourselves. We were coming in first till the egg boiling came. We came in last in that. It was also raining at that time; that made it harder. There are still four days left of Maccabia which I hope will be good ones.

During the Spanish Inquisition, the Jews again proved their perseverance. Many died brutal deaths again because of their refusal to convert to Catholicism. They died heroic deaths and will always be remembered in their martyrdom. The Warsaw ghetto uprising is similar to Masada because it involved a siege the Jews knew was destined to fail. However, the Jews felt that dying actively rather than passively was essential because it proved to the world that the Jews felt self respect and pride in their Jewish heritage. The Haganah, Lechi and Etzel organizations during the British occupation of Palestine proved their indefeatable spirit in their attacks and sabotage operations on the British. They were the minority again, but their aspiration; to free Israel from external domination compensated for their lack in numbers. Their revolt in the Acco prison reinforces the respect and admiration one feels for the m. The named examples are only a few rebellions that Jews have made in their colourful yet tormented history. The rebellions were not motivated only by the desire to live, but a desire to preserve Judaism and keep the Jewish spirit alive. Jews have undergone devastation and survived if not thrived as a result. The Jewish spark is inextinguishable and will continue to light the soul of posterity till eternity; for this is, the Eternal Promise!

, Rena Zaretsky

### The Eternal Promise

The Two words, "Eternal Promise" Have a special meaning in Maccabia this year. We chose this name because we thought it fit directly to the theme, "Masada shall never fall again." The promise that Masada shall never fall again is eternal and indefeatable, therefore our name is Eternal Promise.

Laura Tulchinsky

### Masada

Masada will never fall again,  
It's the vow we've promised to take.  
It will last eternally,  
For the Jewish nation is at stake.

The Eternal Promise will strive to help,  
For the five days We're united.  
We will all join to be as one,  
And together we'll try to fight.

The Blue Team of Maccabia '81,  
Will work until the very end.  
We will struggle and pull through,  
For these are the best five days we'll ever spend.

Masada symbolizes not a physical fortress engraved in barren Judean, desert rock, but a spiritual survival throughout Jewish history despite incredible oppression. Masada symbolizes the Jewish pride and identity and a will to fight and defeat all persecuting factors.

Throughout Jewish history, the Jews have encountered obstacles to their survival. These obstacles express themselves through wars, inquisitions and nations and span from the most ancient to the most recent of times. The Jews, always the persecuted minority have had to fight for their identity and though many have perished in the last two thousand years including the six million of the Holocaust, the Jewish nation has not yet succumbed to assimilation or destruction. Often, many Jews died actively during brave rebellions and self sacrificing revolutions.

The revolts may be seen as early as the Greek occupation of Israel. Many Jews refused to accept the Hellenization and as a result died in their adamant refusals. Chava and her seven sons is a classic example of this determination and fight for the Jewish heritage and identity. They refused to eat the pork forced on them by the Greeks and consequently died. However, a death like this may never be considered a defeat, rather a victory, because it maintains the continuity of the Jewish tradition.

During the Roman occupation of Israel, the Jews were oppressed immeasurably, especially during Herod's reign. This persecution culminated in a Jewish war and the attack of Masada by Menahem son of Judah and his band of zealots. Eleazor, the son of Jair escaped to Masada with 960 men and women and took refuge there till it's defeat in 72 CE by the Roman governor Flavius Silva. The fact that Masada stood for so long is quite remarkable and most remarkable and most probable due to the tenacious grip of these zealots on their identity and life. The fact that they committed suicide just before they penetrated their stronghold reinforces our belief in their great belief. The pride in their heritage was beyond death, so far superior that it was in another dimension. Their determination has been echoed throughout the ages and will continue to do so as long as the Jewish spirit continues.
